

Project Initialization and Planning Phase

Date	15 Nov 2024
Team ID	739938
Project Name	AI Enabled Candidate Resume Screening
Maximum Marks	3 Marks

Define Problem Statements :

The AI-Enabled Resume Screening project aims to automate and enhance the process of screening resumes for job applications. By leveraging artificial intelligence and natural language processing techniques, the project enables recruiters or hiring managers to efficiently analyse and evaluate resumes to identify suitable candidates for further consideration.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Recruiter	Recruite the people who had the skills relavant to the job which I have posted	It is becomi ng very hard to identify the candida te with proper	So many application s had got to me	Very stressful

			skills		
PS-2	Job seeker	Get the job	Am applying to so many jobs but am getting the reply very late	Its takes time to verify so many applications manually	Very discouraged
